Our Lady of Good Counsel Church in Cleveland, Ohio decided it was time to refinish their pews when on a hot summer day a father of the bride sat down in one of the pews and his tux stuck to the old finish. After receiving an estimate of \$100,000.00 to refinish the 174 pews and floor the church members, led by Jim Webber, gathered a volunteer work force of 10 to 15 members per week to do the job themselves. They got together every Monday afternoon to strip and refinish the pews and floor saving the church literally thousands of dollars. Jim & crew stripped the pews & floor then refinished them with polyurethane and an oil based stain.
