"Having been in the piano rebuilding and refinishing business since 1982, I've encountered many formidable and challenging finish removal jobs. I have also tried about every paint removal product on the market and many that are not.

I have many customers who use my services for rebuilding but are capable "do it yourselfers" when it comes to refinishing. When they ask me what I use for stripping wood, Star 10 is the only product I recommend. Many times there is no need for sanding. Having used your product line for seven years, I find I have no need to use anything else!"

*Louis Kiel*
